

ALEX KUMAR

Email: alex.kumar@example.com | Phone: +91-XXXXXXXXXX | Location: Bengaluru, India

PROFESSIONAL SUMMARY

Computer Science graduate with practical experience in Python, data analysis, machine learning, artificial intelligence, backend development, and data visualization. Interested in building AI-powered applications and scalable software systems.

EDUCATION

Bachelor of Engineering in Computer Science — 2027

Academic Score: 8.1 CGPA

Pre-University Education — 2023 | 78%

TECHNICAL SKILLS

Programming: Python, Java, C, C++, JavaScript, TypeScript

Data: SQL, MySQL, PostgreSQL, Pandas, NumPy, Matplotlib, Excel, Power BI, Statistics

Machine Learning & AI: Machine Learning, Deep Learning, Scikit-learn, TensorFlow, PyTorch, NLP, Computer Vision, OpenCV, CNN, YOLO, Transformers, LLM, RAG, Artificial Intelligence

Backend & Cloud: APIs, REST API, FastAPI, Django, Flask, Docker, AWS

Tools: Git, GitHub, Hugging Face

PROJECTS

AI Resume Analyzer — Developed a resume analysis system using Python, Streamlit, keyword-based skill extraction, TF-IDF, cosine similarity, and job-role recommendation.

Smart Energy Monitoring System — Built an IoT-based energy monitoring application for collecting electrical measurements and presenting usage information.

Vision-Based Writing Recognition — Developed a computer-vision prototype using OpenCV and CNN-based techniques for recognizing visual writing gestures.

AI Knowledge Assistant — Created a retrieval-based assistant using embeddings, RAG concepts, APIs, and document processing.

EXPERIENCE

Artificial Intelligence Intern — Technology Company

Worked on AI application development, Python programming, data processing, machine-learning workflows, and experimentation with modern AI technologies.

CERTIFICATIONS

- Programming in Java — Online Certification
- Introduction to Artificial Intelligence — Online Certification
- Machine Learning Fundamentals — Online Course
- Data Analysis with Python — Online Course

ADDITIONAL INFORMATION

This resume is a synthetic, anonymized sample created exclusively for testing the AI Resume Analyzer and Job Recommendation System. The identity and contact information are fictional and do not represent a real candidate.
